

Rockstrength®

Making Dreams into reality

**Every Masterpiece Needs A Finishing Touch,
We Build That At The Top.**

About RockStrength

Rockstrength is a global leader in innovative ceiling, wall, and suspension system solutions for commercial and residential spaces. Founded in 1984, we are a publicly traded company known for our commitment to quality, integrity, and customer satisfaction. Our diverse product range includes acoustic, fire-protective, hygienic, metal, designer, and skimmed plaster ceilings, as well as suspension systems, insulation, and drywalls. With over 30 years of experience, we deliver sustainable, high-performance interior solutions that enhance comfort, efficiency, and aesthetics across sectors from homes and offices to healthcare and high-rise buildings. At Rockstrength, we continue to grow through innovation, collaboration, and a passion for excellence.

A background image of a modern office interior. Three people (two men and one woman) are seated around a large wooden conference table, looking at documents. A telephone is visible on the table in the foreground. Large windows in the background show a cityscape.

**“A beautiful ceiling lifts more than just the roof—
it lifts the whole space.”**

Why Rockstrength?

OUR VALUES: BUILDING WITH PURPOSE

Accountability :

We take ownership of our actions and deliver on our promises. With transparency and integrity, we ensure responsibility at every step—towards our clients, team, and stakeholders.

Sustainability :

We are committed to making choices that are responsible and future-forward. From materials to processes, our focus on sustainability drives us to protect resources and reduce our environmental impact.

People-Centric :

We believe in putting people first—whether it's our team, customers, or community. By nurturing talent and fostering a culture of empathy and inclusion, we create an environment where everyone can thrive.

Partnership :

We grow through collaboration. Strong relationships with our clients, employees, and partners are the cornerstone of our mutual success, built on trust, respect, and shared goals.

Commitment :

Excellence is our standard. We are dedicated to push boundaries, staying innovative, and consistently delivering value in everything we do.

MISSION

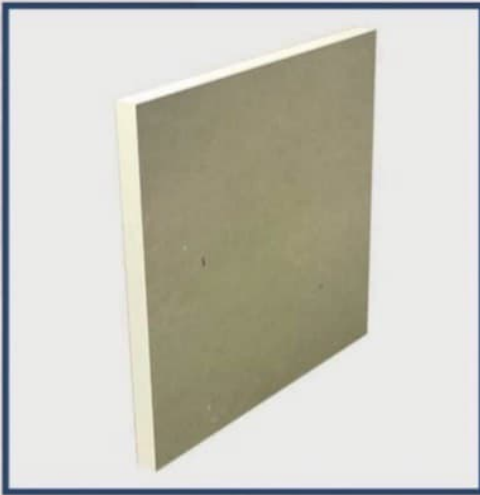

Empower infrastructure with unmatched durability, precision, and design excellence

To become the most trusted and innovative name in ceiling solutions
